Important Information Regarding 2012 PSP Events

1. You are renting a lot from the PSP

What happens inside that lot is your responsibility. You have no rights to utilize the space outside of your lot. There will be parking for your vehicle in the parking lot, not at your lot, unless it is inside your rented space and a part of your set up/display. The PSP must be notified in writing on this agreement should you need power, extra chairs, tables, etc. We do not carry an extra supply of these goods at the events.

You will not have space behind your compound, so be sure to that factor in when selecting your lot size. *If you were planning on having a pod or storage container shipped to the event for example, you must rent a lot size large enough to contain that pod.* Specific locations such as “corner spots” are not given out.

2. Shipping

The Shipping Address is listed on the last page of this agreement. Shipments may not arrive before the Monday prior to the event.

All shipments must be picked up the Monday following an event. Vendors are responsible for providing the shipping company with all necessary information including but not limited to: address, company name, contact name and phone number. PSP will be in no way responsible for shipments being picked up or left beyond the given pick-up date. PSP only ship out freight, not packages through UPS, Fed-Ex, etc.

3. Move-In/Move-out

Trucks can start arriving on Monday April 16 and need to be offsite by Monday April 23. Vendors setting up their own tents must have the tent up by noon on Thursday April 19 (can start as early as Wednesday April 18). All tents that we supply will be ready by April 18. All booths should be open with set-up completed by noon on Thursday, April 19, 2012.

4. Storage Units

PODS will be allowed onsite but vendor must notify PSP of drop-off time for the unit as well as pick-up time on the Monday following the event at least two weeks prior to the event. PSP will reserve the right to have the drop-off times changed as necessary for a smoother set-up process onsite. **All PODS units must be dropped off on Monday April 16th and picked up on Monday April 23rd.**

5. Security

Overnight security will be provided at all PSP events throughout the season. If a vendor wishes to hire additional security for either day or night, they will be required to go through the company contracted by PSP.

*Also, no camping or sleeping onsite at any event will be allowed unless otherwise noted.
